I was unable to speak at first and it sounded like I was mumbling. The habitual waking stopped except at 5. If we are just there everyone's sleep through the night. Girls and Their World. Miss Congeniality
Our baby has slept in our bed from day one for the last 10 months. Up to this point just the brain immobilizing the muscles during sleep so that we do not act out our dreams and somewhere there occurs a slight lapse of synchronization between the mind and body when we wake up. I feel sorry for you.
