Waddi Trees Information Bay - Birdsville QLD

One of Australia's rarest plants, the Waddi Trees (Acacia puece) have spiky, needle-like leaves and thick bark. The Waddi tree piqued early explorer William John Wills' interest, with some samples of the seeds found buried in his diary after his death. Now a protected species you.

'That's a waddi tree, son.' He slapped the dark trunk.
'They're real desert battlers. Like us. The first night we spent on Arcadia was under this tree - and all the.
