Another spectacular event occurs during the fall season when
thousands of monarch butterflies flock to Point Pelee National
Park for the annual monarch butterfly fall migration. Weight:
7-18 grams.

Submit an original nature photo of an Ontario species or a natural area for a chance to win a prize. That is more time spent indoors than ever before in history of childhood. Many nature clubs, organizations and parks run bat talks or outings. Weight: 3-7 grams.

This week is therefore a good time to celebrate all that Drew has achieved today. I often ask myself why it is that some people develop a passion for wildlife, the outdoors and the protection of natural spaces while others are indifferent at best.
