The Scotland of townships lived on in people's memories as a real place, which one day they, or their children, or their children's children would visit. This was not a fawning, ingratiating affair, for we have seen the deep-rooted radicalism that was present.

Our political economists shall have an opportunity of reducing their arguments. It has been said that if you give a man the secure possession of a rock, he will turn it into a garden, and one has only got to visit the Highlands to see how a hard-working and industrious peasantry have sought in this way with success to fight against the ills with which they were confronted by an ungrateful landlordism. The last straw in was the 'Hereditary Jurisdictions Act' The History of the Highland Clearances stated that those who did not accede to English jurisdiction were to have their lands forfeited to the Government. Sellar came.

An aged widow lived there who, by infirmity, had been reduced to such a state of poverty that she and her children were resettled in new locations, on marginal land and on holdings too small to be viable economic farms.
