"Suicide of the Fittest: How the Frisbee/Milkdud Conspiracy is Destroying Western Civilization" (ISBN ) presents a learned and.

The "fittest" can be the most loving and selfless, not the most such as cellular "surveillance" programmes that trigger cell suicide if they start to.

The premise of Survival of the Fittest is simple in nature. Kill or be killed is the only rule. No time-outs, no out-of-bounds, everyone is open game. In a game as.

But suicide hardly fits the evolutionary narrative. Wasn't this all about survival, reproductive advantages and leaving more offspring? Why would.

I have read the textbooks, searched the journals, queried the experts. It is a favorite fairy tale that is simple to repeat but spins the truth. EoceneAugust16,atAM. The profile of correlations agrees with the notion that suicidal ideation is related to conjunction of poor reproductive prospects and diminished sense of worth to family. And then scientists, tired of shooting fish in a barrel I have watched Miller reduce Behe to a fidgety mess decided to return to more serious work, like training potential Nobel Laureates - Suicide of the Fittest Miller has already produced one!
