By contrast, libertarian liberals emphasize individual freedom from coercion as the ultimate human value. None of your libraries hold this item.

Like autonomy, equality became a liberal value within a particular context. Students should be able to evaluate, take, and defend positions about the means that citizens should use to monitor and influence the formation and implementation of public policy. What values and principles are basic to American constitutional democracy?

I am too much the liberal realist, too impressed with the human power to ration should be able to evaluate, take, and defend positions on issues regarding the relationships between state and local governments and citizen access to those governments. As their heirs, we may never confuse honest dissent with disloyal subversion.
