Karen Fang Karen Fang. Fradera, for example, examines the place of local Spain

What follows her introduction is a series of scholarly commentaries on these and related issues. While most of the contributors discuss British imperialism and its repercussions, the volume also includes, as counterpoints, essays on the history and historiography of France, Germany, Spain, and the United States.

In light of the turn towards scholarship focused on imperialism and postcolonialism, this volume is an essential read for aspiring young historians. Orders shipped within four days with credit card payment or held ten days pending arrival of check.
