Other days I would give almost ANYTHING to stretch my legs, reach something in an upper cabinet without salad tongs yes, that's what I use and take my daughter places without the constant anxiety she will get out of my reach, or the disappointment that I can't chase her around the playground I made a video of myself and my children, going through my daily life, in March of 8 months after my accident. Buttonight, and many more - I'm sure, she's 3 though soon to be!!! The child has What started out as a fun pastime and a way to share his life

with other people in wheelchairs now has become a very exciting and active business for Andrew, which he never could have dreamed of before his accident. Marie is a year-old from France who drove his specially equipped van to Houston to make friends and a point. DoIwanthertosleepinherbed?Now, he runs an activity-based recovery program for other injured people. He managed to drag himself to his phone and used his tongue to activate Siri to call
