In fact, she even has her future all planned out; once she comes of age, the king will send her off to study botany, where she will hone her gift of working with plants. This is the second book in a trilogy. I found the worldbuilding exceptionally intriguing, as well as the prose, flowed

smoothly.

The problem I have with short stories is that I usually want them to go on and on.

It is a gentle reminder of God's love and protection through the animals He sends our way. This will definitely be purchased for our library. The Waking Land is not out to reinvent the wheel as far as the premise or the story goes, but I was nonetheless delighted and satisfied with the way it turned out.

In attempting to protect her, Jahan himself is revealed as a sorcerer. I will say that the ending did not seem conclusive, and I am extremely curious and hoping oh so much if there will be another in this series. All thoughts expressed in this review are my own honest opinions.
