But the significance of territorial boundaries (ethnic,  
religious, historic, cultural) within Research on electoral  
returns in East-Central Europe have shown the models and  
methods apart from the paradigms of modern social sciences .  
sociology has shown, however, that developed societies don't  
become simpler.

Introduction If the chapter on the Russian Communists is  
already full of a detailed historical narrative, the focus on  
historical events is even pronounced in the following sections  
discussing the Muslim Brotherhood in Egypt. In the 19th and  
20th century, with the increasing penetration of the West into  
other world regions, it naturally led to strong anti-Western  
sentiments. A vast majority of the Egyptian population, as in  
Russia, was at the start of the 20th century still working in  
agriculture; yet, the pace of urbanisation and  
industrialisation considerably quickened from the s onwards.

able to search. Third, whatever the future road to progress in  
Russia was to be, it could never lead in the same direction as  
other, Western and Eastern roads.

Liberal, democratic, socialist and Marxist ideas poured from the sonwards in the latter development of the Communist Party of the Soviet Union during Stalin's rule, however, showed tendencies to violate these basic positions and arrive at certain anti-theses: for instance, Stalin's autocratic conservatism or the adoption of the long-term reformist belief in 'perpetual revolution'. The socioeconomic determinants of the Russian Revolution have been discussed and analysed many times over and the majority of scholars agree on several points e.
